Synthetic Amount Register Report

Cleaning summary

One identical duplicate A row was removed. The original input was preserved, and the cleaned register contains A, B, and C.

ID	Amount
A	10.00
B	7.50
C	missing
Known total	**17.50**

Missing values and limits

ID C is missing and remains blank, never zero. Known amounts total 17.50. This is synthetic fixture data; native Office recalculation and scanned-PDF OCR are outside this local check.
